•• FOX NFL games scheduled in Weeks 5-10 are part of the NFL's flexible schedule plan. During this period, flexible scheduling can be used in no more than two weeks by shifting a Sunday afternoon game into prime time and moving the Sunday night game to an afternoon start time.

••• FOX NFL games scheduled in Weeks 11-17, are part of the NFL's flexible schedule plan. After consultation with FOX Sports, the NFL will determine start times on these dates, with a game or games possibly moving from 1:00 PM ET to late afternoon, or from afternoon to prime time. FOX retains the right to protect some games from being moved into prime time during these weeks.

•••• Cross flex games from the NFC broadcast package can move from FOX to CBS in exchange for games from the AFC broadcast package. A select number of games can be swapped between FOX and CBS from Week 1-17 with two weeks advance notice and in Week 18 with one-week advance notice. FOX and CBS will receive an equal number of games under the league's cross flex plan.
